## Tsundere Idol Cheat Code For Money

Download ->>> <http://bit.ly/2JqVXe9>

### About This Game

The mission of Cherry Kiss Games is to introduce great Japanese visual novels to the world. We have rights to the back catalog of almost 200 titles by well-known Japanese developer Norn/Miel. This time we are translating the title *Tsundere Idol* into English.

*Tsundere Idol* is the story of Kota, a mild-mannered student in Japan who is a fan of the up and coming idol sensation Rui Kurumizaka. Wouldn't you know it she happens to attend the same college as him and is in one of his classes! Too shy to approach the cool and popular Rui, Kota is happy just to be in the same classroom as her. Then one day an accident occurs and the contents of Rui's bag spill out on the floor revealing an naughty magazine! Our hero steps up and claims ownership in order to save the true owner the embarrassment of owning up to possessing such salacious literature. And thus begins an unexpected and unusual affair.

Features including:

- Translated version of the original Japanese Visual Novel
- Main female character fully voiced with original Japanese dialogue
- Original Japanese artwork modified to 16:9 aspect ratio
- Hours of story content

- 
- Audio including music and special effects
  - Enhanced with character sprite animations

Please note: *Tsundere Idol* does not include any explicit adult content. You may need to download the free DLC *Tsundere Idol - 18+ Content* separately.

For more information about the game please check out our website or follow us on Twitter.

**Memory:** 1 GB RAM

**Graphics:** 1366 x 768

**DirectX:** Version 9.0a

**Storage:** 1 GB available space

English,Japanese

It's actually not the same outfit as the one she made for the festival, but rather a special design that she made just for me.

she snakes hands with the people on the second floor.

**Rui**

「Okay, now both the first and second floor all together! Together and... JUMP!!」

The interlude ends and just before she starts singing the last chorus, Rui-chan proceeds to jump into the air. Her skirt containing lots of frills opened up, almost giving it the appearance of a floating umbrella.

**Kota**

「Aah... Ugh...」

I wonder whether I was there at the time, watching from the very front row, catching a glimpse of Rui

The best start possible. I could not shave when they talked about the magazine. However, the game is a bit short, but it is well done. Her personality is quite unique, considering how she grew up when she was young. Since the theme of the game was about a single idol, I did not enjoy enjoying more characters, but it's strange that it was not even shown as an idol.
